Ігри на відпрацювання часу *Past Simple*

Curious Friends

Мета: відпрацювання запитань у *Past Simple* у порівнянні з *Present Simple* і коротких відповідей.

Матеріал для гри. Два набори карток. У першому наборі картки з написаними англійською діями: *speak English, play football, cook dinner, speak French, do homework, meet friends, go skiing, go skating, swim in the sea* тощо. У другому наборі — картки з обставинами часу і частоти дії: *always, often, last month, last summer, when you were 5, last week, sometimes, from time to time, every month, last year, two years ago* тощо.

Число гравців: 2 і більше.

Хід гри. Розташуйте поряд обидва набори карток лицем донизу. Гравець тягне по одній картці з обох наборів. Залежно від обставини, що йому дісталася, він повинен поставити загальне запитання в *Past* або *Present Simple*. Наприклад, витягнуто картки *meet friends* і *last week*. Запитання: *Did you meet friends last week?* Гравець, до якого звертаються, має надати коротку стверджувальну або заперечну відповідь (у нашому прикладі *Yes, I did.* Або *No, I didn't.*). За кожне правильне запитання або правильну відповідь гравець отримує 1 бал. Після того як другий гравець відповів на поставлене запитання, він тягне по одній картці з обох наборів і ставить запитання наступному гравцеві. Гра продовжується до вичерпання карток.

Where did you last ...?

Мета: Відпрацювання запитань у *Past Simple*.

Матеріал для гри. Два набори карток — один з діями, а другий з обставинами місця (*in the park, at the cinema, at the stadium, in a restaurant, in the sea, in Great Britain, at home, at school, in the bathroom* тощо). Для першого набору підійде більшість карток з першої гри.

Число гравців: 2 і більше.

Хід гри. Розташуйте поряд обидва набори карток лицем донизу. Перший гравець тягне одну картку з набору з діями і ставить запитання, де ти останнього разу робив те, що написано на картці. Наприклад, гравець витягнув картку *go skiing*. Запитання: *Where did you last cook dinner?* Другий гравець витягує картку з другого набору й читає її. Наприклад: *in the bathroom*. Якщо надана відповідь підходить за смислом, другий гравець отримує 1 бал, якщо ні (а в нашому прикладі навряд чи можна готувати їжу в ванній), гравець не отримує бала. Нехай діти самі вирішують, підходить відповідь за смислом чи ні.

Гра продовжується по колу, поки не скінчаться картки.

Find people who didn't do it yesterday

Мета: Відпрацювання запитань і заперечень у *Past Simple*.

Матеріал для гри. Опитувальник з 5–6 діями. Зверху заповнюються імена дітей, яким ставляться запитання. Наприклад:

	Олена	Микола	Я сам
play computer games			
have an English lesson			
watch TV			
read a book			
get an excellent mark at school			

Число гравців: 2 і більше.

Хід гри. Кожна дитина отримує опитувальник, наданий вище. Діти повинні поговорити з кожним у групі, поставивши їм запитання типу *Did you play computer games yesterday?* У стовпчику під кожним іменем дитина записує отримані відповіді. (Якщо *Yes, I did*, ставиться «+», якщо *No, I didn't*, ставиться «-».)

Наприкінці гри діти мають сказати, хто з групи не грав, не дивився телевизор, не читав тощо. Наприклад:

Mykola and I didn't have an English lesson yesterday.
